

The Hockey Skills Camp was developed to offer student hockey players an individualized training program.

The technical curriculum for the program is based on the Hockey Canada Skills Academy.

Participants in the program will develop:

- Hockey skills
- Leadership skills
- Coachability
- An understanding of how individual skills support team play

Instruction will take place during on-ice sessions, off-ice training and in the classroom.

# /OUR COACHES

## Sterling Bear

Sterling, from Ochapowace First Nation, has played competitive hockey at all levels. He played Midget AAA with the Beardsy's Blackhawks and won gold with Team Sask in the NAHC. Drafted by the Lethbridge Hurricanes in the WHL, Sterling played for several teams in the league before continuing his hockey career in various junior leagues across Canada.

## Anthony Fehr

Anthony lives on the Ochapowace First Nation. He began working at Kahkewistahaw School in 2022 as the Sports Academy assistant. Passionate about sports, he played competitive basketball and hockey in his youth, including Bantam AA, Midget AA, and Junior A hockey, as well as basketball from grade 6 through 12. Through sports, he's learned valuable lessons in discipline, work ethic, and teamwork—skills he aims to instill in the students he works with by fostering a fun and supportive learning environment.

## Chris Delorme

Chris, from Cowessess First Nation now lives on Ochapowace with his family. As a young man, he was an avid hockey player and chose to be a goalie to stay on the ice as much as possible. Chris won numerous awards and championships. As he grew older and had children, he earned his coaching certifications and began coaching his son, Leighton, helping him become a goalie. Chris has always mentored the young players he coached and takes pride in their accomplishments.
